Re: Basilica Place Window Replacement

Everett,

With the successful completion of the Basilica Place project I wanted to take a minute and commend Aeroseal for a job well done. From the time I put the project out to bid, until the final window was installed and tested, I was extremely impressed by your entire team. There is no doubt that the Aeroseal was the main contributor to the overall success of the project, and in the process made my life as both an estimator and project manager extremely easy.

During the bidding stage, you were the most engaged, knowledgeable, and innovative subcontractor that I dealt with. This was followed up with extremely competitive pricing, and excellent customer service, which made my decision easy when it was time to contract.

Aeroseal's impressive performance continued in preconstruction with innovative ideas and excellent upfront coordination. Several times when I hit road bumps in regards to design standards, energy efficiency, and project staging you were always able to quickly provide great suggestions and solutions.

Finally, during installation, Aeroseal handled all of the challenges that Basilica Place offered, such as an urban location and occupied units in stride. Your installation team was great, installing the windows in a quality manner, while maintaining an extremely aggressive production schedule and exceeded all of my expectations.

Overall, it was a pleasure to work with Aeroseal, and I can't say enough about you, Joe, and the entire team. I continue to recommend you guys to others at Harkins, and would be happy to discuss my positive experience with any of your potential customers. Please feel free to pass along my contact information to any of them.

Thanks again for all of your hard work and dedication at Basilica Place and I look forward to the working with you again soon.

Sincerely,

HARKINS BUILDERS, INC.

Casey Hughes

THANKS AGAIN GUYS.
GREAT JOB. LET'S DO
A PROJECT AGAIN SOON.
