**Re: AEROSEAL Contracting Corporation
8350 Bristol Ct Suite 103
Jessup MD 20794**

To whom it may concern:

As a Property Manager, I am constantly seeking contractors with integrity, and, as you know, this word is very seldom used in today's business world.

My experience with the good people of AEROSEAL began and ended with a certain comfort level that can only be explained with words like trust, confidence, assurance and sincerity.

There is no reason to identify any one employee as outstanding because everyone we worked with was as capable as the next. In fact, out of 303 units that had windows replaced we had no serious problem and just a few well handled solutions.

I will, in the future, work with AEROSEAL again and I would confidently recommend them in any endeavor they wish to pursue.

If you should need more information, please call me direct @ 703-906-8629.

Best Regards,

**Alan Perichino
General Manager / COO
